

Softball Ireland AGM – Motions Received

30 November 2019 /12.00pm / ALSAA

A “Fastpitch Development Motion” was received from Jonathan Spielberg proposing an AGM vote in lieu of a review committee, to consider reclassifying Fastpitch as a developmental region. However the AGM does not have authority to overrule the constitution, only to vote on proposed amendments to it.

A motion to increase the number of Softball Leinster teams at SINCC from 1 to 3, was also received from Jonathan Spielberg following a vote at the Softball Leinster AGM. This proposal is included in the AGM pack for discussion on the day, for recommendation to the incoming SI Board.
